

Contemporary Glass Society

presents
'Glassmaker's Question Time'

Saturday 23 Aug 3pm – 5pm
Followed at 5.10pm by the CGS AGM
Venue: Ruskin Glass Centre

A panel of glass experts; Angela Jarman, Julie Anne Denton, Anthony Scala, Amber Hiscott, Scott Chaseling and Paul Marioni together with Chairman Colin Webster bring their skills and experience to bear on technical questions and problems encountered by glassmakers.

Join our team of experts and fellow makers to share experiences and hear questions answered in a relaxed and friendly atmosphere. If you have a question you'd like to share contact admin@cgs.org.uk

Tickets : CGS members £10
CGS concessions £7
Non members £15
Non members concession £12
Tickets include afternoon tea and free entry to Ruskin Glass Centre on Saturday 23 August and entrance to CGS AGM.

Please book in advance:

The Dummies Guides

Saturday 23 or Sunday 24 August
Venue: Northlight Photography,
Ruskin Glass Centre
Price: £35 for each session

Great opportunities to clearly understand the do's and don'ts of website design and photography. Essential for those baffled by the mysteries of digital arts, each session will be followed by question and answer sessions.

Glass photography for dummies

10am – 1pm

Simon Bruntnell will be demonstrating the key elements of taking successful photographs of glass in his own studio, including basic lighting techniques, choice of camera, backgrounds, and Photoshop techniques for cleaning and enhancing your pictures. Finally he will look at the different file formats needed for website use and print based industries.

Website design for dummies

2pm – 5pm

Drawing on 10 years of experience graphic designer Tony Astley takes a look at what makes a good website. Using plain English you'll learn how to write good content, and see how both human visitors and search engines interact with your website. Spoken very much from the point of a designer, with jargon kept to an absolute minimum.
