One of the hottest young bead artists around, Sarah has a world-wide following drawn to her magical and idiosyncratic creations.

Based in Tel Aviv, Sarah has developed her own style and skilful techniques that she will share in what promises to be a fun-filled workshop.

Sarah will pack in as many techniques as time allows and participants will have the opportunity to explore some or all of the following: layering colour, making and applying wig-wag cane, 'faux-retticello', using silver reactions and speciality glasses, use of gravity control and minimal use of tools, incorporating glitter, gold foil, palladium leaf and dichro.
